LEATHERBASKETS

Our leather baskets can be used for everything; jewelry, gloves, bread, towels or whatever you want. They are made of naturally tanned leather and durable cotton, hand-sewn in India.

The plant in Chennai was started by Magnus Nyström and the aid agency SIDA. The factory employs and improve living conditions for women and men with sewing knowledge and who have a disability or are from difficult economic conditions.

Available in three sizes; S, M, L in the colours black and cognac.
Delivery in May, 2014.

BILL SHOESHELF

It started out as a small item and now it has grown in to what we consider another great product. Our stunning series **Bill** has now come to a floor level item. Louise Hederström have succeeded in the art of drawing a beautiful shoe rack.

Delivery from week 14, 2014.

MATTE BLACK AND WHITE

In late March, we change the paint job on all our **white and black wire products**. We will start to use a fantastic paint from Jotun wich is scratch resistant and dust-proof.

This also applies to **Kite**, art no 1519, and art no 1520.

Letter, Lettershelf, Desk Letter, Toot Toot, Castle and **Magbag** will continue to be with a shinier surface, as we find that these do better with a little shine.

VIT

BLACK

No one has missed that black is the new white. During the last three months we have substantially sold more black items than ever before.

We hang on to the trend and are now making last year's success, the fine bedside table **Edgy**, in black and that we replace the yellow **Letter** a lovely night black and makes even smart **Lettershelf** in black.

Delivery from week 12, 2014.
